HYBRID LIFTS

Your comfortable, quiet hybrid lift.

Elegant, silent, indoor or outdoor

AccessCo's hybrid lifts take you comfortably to every room in your building. Available in different versions, from a capacity of 250 kg to 500 kg.

Wide range of personalisations make it possible to install the hybrid lift system in any environment.

Top performance at all times.

Hybrid 250

The perfect Homelift for your home.

The **Hybrid 250** is a hybrid lift that's perfect for any location. It has a capacity of up to 400 kg and is **one of the most compact models on the market**. Its small size and **low maintenance costs** make it suitable for applications in many environments. Available in a version with automatic doors up to a capacity of 350 kg.

ACCESSco

Hybrid 500

Superior power and performance.

The **Hybrid 500** is the hybrid lift designed for high load capacity. Thanks to its 500 kg capacity it is suitable for many uses. The Hybrid 500 is a lift that can be supplied with swing or automatic doors.

HIGH PERFORMANCE

SILENT AND VIBRATION-FREE

Designed to operate at low power consumption. Among the first in this sector to be awarded a better energy efficiency rating than Class A classification according to the measurements provided by the VDI 4707 guidelines.

Thanks to the connections with Google Home / Alexa or other similar devices you can use voice commands.

Tailored to your needs.

Not just practical and technologically advanced, hybrid lifts are also extremely **customisable**, tailored to small spaces.

The wide range of colours, finishes and materials, together with the vast array of accessories, make it possible to design interiors in styles that run from classic to hi-tech. Beauty and functionality become one.

ACCESSco

Flowing comfort.

The movement is fluid, comfortable and silent.

ACCESSco

Beauty in every size.

Thanks to the 250 kg version, AccessCo's hybrid Lifts can be adapted to small spaces without sacrificing elegance and performance.

Always safe.

In addition to an anti-blackout system, AccessCo's Hybrid Lift is also equipped with a manual emergency system that lets you leave the cabin easily and safely at all times.
